ROLLER BLINDS

Functional Style

Trade Brands Roller Blinds offer affordable quality and reliable operation. This limited feature collection is available with a select range of fabrics in single, dual or linked chain operated blinds.

Custom-made to measure

Trade Brands Roller Blinds are available in a limited selection of high-quality fabrics offering light and privacy control.

Available with:

- 6 selected Zen Blockout colours
- 6 selected Optimascreen Plus screen colours
- Chester Translucent and Blockout collection

Proudly manufactured in Australia, supported by a 5 year warranty*.

Smooth and Quiet Control

Trade Brands Roller Blinds are manufactured with an Australian designed hardware system offering smooth and quiet chain operation.

The simple chain control utilises a specially designed direct drive clutch eliminating the need for chain guides to reduce noise and aid in the ease of use. Chains are joined with a safety chain stop and all blinds are supplied with child safety tensioners.

Design Options

Created with simplicity in mind, Trade Brands Roller Blinds are available as:

- Single Roller
- Dual Roller
- Or up to 3 Linked Rollers

Colour Range

- Hardware is available in White or Black.
- Trade Brands Roller Blinds come with Ellipse bottom rails as standard and are available in Black, White or Anodised finish.

Black or White Hardware

White, Anodised and Black Ellipse Bottom Rail

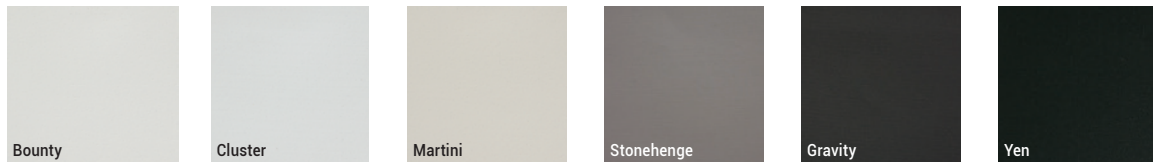

Fabric Selection

Trade Brands Roller Blinds are exclusively partnered with a selection of timeless and on-trend high performing fabrics.

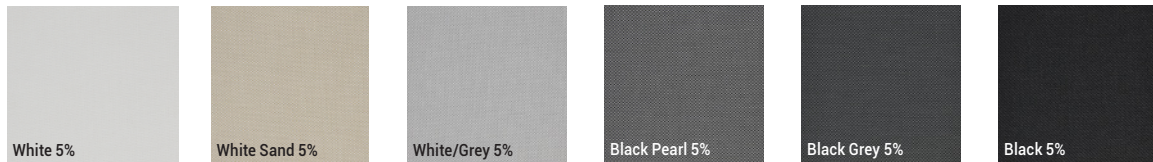

Zen

Diffusion range of blackout fabrics, available in 6 contemporary colours. Its smooth surface complements a wide range of traditional and modern interior styles and features a tonal colour backing.

Optimascreen Plus

2x2 basket weave sunscreen fabric offered in various colour choices. With its 5-year fabric warranty and a 5% openness factor, this fire retardant screen provides UV protection without compromising view-through.

Chester Translucent and Blockout

Has been specially designed to be soft and lush to the touch with a beautifully modern palette of 6 blackout and 6 complementing translucent colours.

Limitations

	Min	Max
Width	630mm	3300mm
Drop	630mm	3300mm
Maximum sizes are dependent on fabric selection.		
Light Gaps		
Idle End: 11mm		
Control End: 17mm		
Linked: 18mm per blind		
Bracket cover will increase light gaps by 2mm on each end.		

Maximum width and drop is dependent on fabric selection.
Zen and Optimascreen Plus can be railroaded for large widths.
Chester Translucent and Blockout have a maximum width of 2980mm.
