

# Deco Plus Verticals

*Engineered for style  
& functionality*

 **TURNILS®**

**German  
engineered**

# Deco Plus Verticals offer a superior level of style & performance.

## Smooth & Quiet Operation

Noisy and clunky operation is eliminated with Deco Plus. The traversing wand gear has been specially designed to provide ultra-smooth operation.

## Robust Traveller Hooks

Made from a durable & virtually unbreakable transparent thermoplastic featuring a spring-less clutch function with stabilising arm, keeping hooks secure within the track.

## Rigorous Testing

All components have been cycle tested to last up to 10 years. Endcaps, drive chain, travellers and end retainers are forged from Polycetal, a highly engineered thermoplastic for precision and stability.

## Easy Installation

Tracks are universal making it much easier to install, including flipping on site if the control side needs to change. Blinds install into clip-in brackets allowing for simple removal if needed.

In-built clutch function in the wand hook to prevent breakages under force.

Robust Traveller Hooks

Superior performance with a heavy duty chain & thick cord.

## Traversing Wand

With earless weights the traversing wand offers a child safe solution. Glide the wand across the track to open or close the blind, or spin the wand to tilt the louvres.

- Wand can be hidden behind the blades.
- Split stack options with a single wand.

## Chain & Cord

Conventional operation with a beaded continuous chain to tilt the louvres and a cord to open & close the blind.

## Colour Coordination

Componentry, including cord, wand & handle, gears and end-caps, have been designed to blend seamlessly with headrails and coordinate with vertical fabrics.

Contemporary headrail with subtle curved surfaces & colours inspired by Australian home interior trends.

UV resistant aluminium wand with colour coordinated hook & handle.

Black

Gunmetal

White

Stony Beige

White Birch

Anodised

Deco Plus partners with louvres in widths of 89mm, 100mm or 127mm.

	89mm	100mm	127mm
<b>Minimum Width</b>	300mm	300mm	300mm
<b>Minimum Drop</b>	420mm	420mm	420mm
<b>Maximum Width</b>	6000mm	6000mm	6000mm
<b>Maximum Drop</b>	4000mm	4000mm	4000mm
<b>Maximum Area</b>	16m <sup>2</sup>	18m <sup>2</sup>	24m <sup>2</sup>
<b>Light Gaps</b>	Idle end: 2mm		
	Control end: 5mm		
	Split stack with dual wand: 12mm		
<b>Track Dimensions</b>	Height: 25mm		
	Depth: 46mm		
<b>Wands</b>	Customise your lengths in Black, Gunmetal, White or Anodised with colour coordinated hook and handle.
